

IMPORTANT NOTICE TO ALL INDOOR VISITORS OF RESIDENTS IN CARE AREAS

(including Birch Court, Maple Court, Cedar Court, and Southwoods Lodge)

The State of California now requires Hillcrest to VERIFY DOCUMENTATION that:

1) You are Fully Vaccinated (Proof of vaccination required)

OR

2) You have received a negative COVID-19 test in the past 72 hours
(if you are unvaccinated or incompletely vaccinated)

Upon entering the facility, ALL VISITORS MUST:

- Be screened for fever and COVID-19 symptoms
 - Wear an appropriately fitting face covering, and
 - Wash hands or use an alcohol-based sanitizer upon entry
 - Answer required questions, including:
 - Have you had COVID-19 symptoms within the last 24 hours?
 - Does anyone in your home have COVID-19 symptoms or has any tested positive?
- (Note: If the answer to any of these questions is yes, the visitor will be required to leave and reschedule your visit and surfaces within six (6) feet of the visitor will be disinfected.)*
- Maintain at least six (6) feet of physical distancing from others, including the resident being visited, unless close contact is permitted as specified below.
 - Adhere to COVID-19 infection prevention and control measures or reschedule their visit.

DEFINITION OF FULL VACCINATION

People are considered fully vaccinated for COVID-19 two weeks or more after they have received the second dose in a 2-dose series (Pfizer-BioNTech or Moderna or vaccine authorized by the World Health Organization), or two weeks or more after they have received a single-dose vaccine (Johnson and Johnson [J&J]/Janssen).

PROOF OF VACCINATION

Only the following modes may be used as proof of vaccination:

- COVID-19 Vaccination Record Card (issued by the Department of Health and Human Services Centers for Disease Control & Prevention or WHO Yellow Card) which includes name of person vaccinated, type of vaccine provided, and date last dose administered); OR
- a photo of a Vaccination Record Card as a separate document; OR
- a photo of the client's Vaccination Record Card stored on a phone or electronic device; OR
- documentation of COVID-19 vaccination from a healthcare provider; OR
- digital record that includes a QR code that when scanned by a SMART Health Card reader displays to the reader client name, date of birth, vaccine dates and vaccine type.
- Visitors who are not fully vaccinated, or for whom vaccine status is unknown or documentation is not provided, must be considered unvaccinated.

PROOF OF NEGATIVE COVID-19 TEST

The following are acceptable as documented evidence of a Negative COVID-19 TEST:

1. Negative Test Result

Visitors that are unvaccinated or incompletely vaccinated and are seeking indoor visitation must show documentation of a negative COVID-19 test that occurred within 72 hours before each visit and for which the test results are available at the time of entry to the facility.

2. History of COVID-19 Diagnosis Within the Prior 90 Days of Visit

Visitors that are unvaccinated or incompletely vaccinated with a history of COVID-19 diagnosis within the prior 90 days of a visit may continue to test positive for COVID-19 following a full recovery. These individuals may provide documentation of recovery from COVID-19 and release from isolation in lieu of testing. Licensees are encouraged to follow the procedures below.

3. Asymptomatic Infection

In addition to documentation of a positive test result, visitors who had a positive COVID-19 diagnosis within the prior 90 days of the visit and were asymptomatic should:

- Provide documentation of their isolation period from the local health department; or
- Wait at least 10 days from the test date before visiting; or
- Provide a signed letter from a medical provider stating that they have not exhibited symptoms and are fully recovered and released from isolation (this letter must be signed at least 10 days after the positive test).

4. Symptomatic Infection

In addition to documentation of a positive test result, visitors who had a positive COVID-19 diagnosis within the prior 90 days and were symptomatic should:

- Provide documentation of their isolation period from the local health department; or
- Meet ALL of the following conditions:
 - At least 1 day (24 hours) has passed since recovery, defined as resolution of fever without the use of fever-reducing medications;
 - Improvement in symptoms (e.g., fever, cough and shortness of breath);
 - At least 10 days have passed since symptoms first appeared; or
- Provide a signed letter from a medical provider stating that they are fully recovered and released from isolation (this letter must be signed at least 10 days after the positive test).
