

Dining Update 12-21-21

Dining Procedures

Attached is a question-and-answer guide on dining room procedures. The biggest change that I would like to bring to your attention is that we will be reducing the hours that food is available for pick up during dinner. More people are wanting to dine in the dining room. That is good news, however it splits our resources between the pickup and dine in areas. In order to give our full attention to each of our residents we will have specific hours for pick up and for dine in. The dining room will be open for dinner from 4:30 to 6:30 pm to dine in. If you would like to pick up your food to take home, you may do so from 4:30 to 5:30 pm. Breakfast and lunch service will remain unchanged. We recognize that change is hard. We appreciate your patience during this change.

Private Dining Room

The Private Dining Room is now available for resident groups. The maximum capacity of the room is 12 residents. Please book the room 24 hours in advance by contacting Yesenia Reyes at x4140 or Stacy Fringer at x4353. The members of the party may pick up their meals from the takeout line. Dining services will provide a standard room setup before your meal to include tablecloths, silverware rolls, a water station and waste receptacle.

Meal Deliveries

Meal delivery cannot be scheduled at specific times. Any orders received before 4:30 will be delivered with the first round of deliveries. Any orders received after 4:30 will be delivered when we have staff available to leave the dining room – this may be at 6:30 pm at the end of meal service.

Month-end Dining Dollars

If you are planning to use some of your dining dollars for grocery items, please remember that those items are available for pickup from the host podium from 9:00 am to 10:00 am daily. We are not able to process those requests during meal service hours. Please do not wait until the last day of the month to place your orders. This is especially important this month since we will be doing a special New Year's Eve dinner.
